

SCREAMER CONNECTOR TUBES

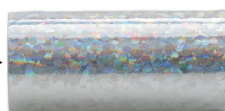

Screamer Connector Tubes (#6005) are used to connect Comet Bangers (#6010) with Screamer (#6001) rounds for a two-stage scare effect when fired out of a hand held launcher.

FIRING FROM HAND-HELD LAUNCHER

Screamer
(#6001)

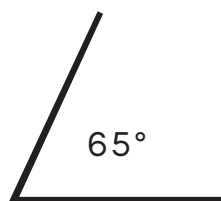

Connector Tube
(#6005)

Comet Banger
(#6010)

Use the hollow end of the Screamer to expand the edges of the cardboard Connector Tube.

Fire launcher
at a minimum
65° angle.

COMBINE ONLY SCREAMERS (#6001) AND COMET BANGERS (#6010) WITH THE CONNECTOR TUBES (#6005).

ANY OTHER COMBINATIONS WILL RESULT IN ERRATIC AND UNPREDICTABLE FLIGHT WHICH CAN CAUSE SERIOUS INJURY AND/OR PROPERTY DAMAGE!

If any of the above topics are unclear, please contact Margo Supplies.
